Enduring Craftsmanship

Leathercraft by OHD furniture is built to last a lifetime. We are committed to creating furniture with the highest quality care and materials ensuring strength and comfort for generations.

All of our frames are made from solid hardwoods, reinforced with support rails, dowels, and screws. Sinuous wire springs are used in the backs of our pieces to provide superior support while maintaining the furniture's shape. Each sprung-up frame has a unique network of eight-way hand-tied tempered steel coils, providing a long-lasting foundation with the highest degree of comfort.

With specialty hides, pattern matching is a particularly complex task as the cutter must align the leather's hair or embossed pattern to flow naturally on the finished piece. Many of our furniture makers are 2nd and 3rd generation industry legacies, employing the highest standards of time-honored furniture making traditions. Our meticulous fabric and leather cutters, talented tailors, and experienced upholsterers are skilled working with an array of materials to create the best quality furniture for you.
